

NEMESIS LEGACY

Your spoiler-safe campaign checklist

Editorial planning aid | Development sources checked 22 October 2026

BEFORE YOU COMMIT

- ☐ Agree a recurring group, cooperative expectations and a plan for missed sessions.
- ☐ Choose one core: Standard for standees; Special if you want miniatures.
- ☐ Compare the selected pledge, language, shipping wave and full delivered cost.
- ☐ Collector adds presentation. More story needs enough time to play it.

BEFORE THE FIRST MISSION

- ☐ Read the final opening instructions. Follow their reveal order.
- ☐ Keep unrevealed, unlocked and used materials in separate places.
- ☐ Assign a campaign recorder and a second person to check the end-of-session steps.
- ☐ Learn the mission objective, access points and door rules from the supplied rules.

BEFORE AN EXPOSED MOVE

- ☐ Objective: does this move advance the mission?
- ☐ Route: where can you get back?
- ☐ Response: what can you do next if the threat changes?

BEFORE YOU PACK AWAY

- ☐ Stop at the prescribed break and record the exact campaign state.
- ☐ Keep a short spoiler-safe note of the next practical task.
- ☐ Protect hidden cards and story pages when sharing photographs.
- ☐ Check final dimensions and card counts before buying Legacy storage or sleeves.

This is editorial preparation, not an official rules sheet or evidence of completed-campaign testing.
Follow the final rulebook whenever it differs. Legacy and its fulfillment plans remain in development.
